

Thursday

NOVEMBER 7

9:00 a.m. - 10:00 a.m.

WOODLANDS OF NEBRASKA

Nebraska is a true prairie state, but hidden amongst the sea of grasses were pockets of trees. These woodlands support plants and animals found nowhere else in Nebraska. Join Sydney Abbott as she discusses the importance of these woodlands and an interesting bit of history that lead to the largest hand planted forest in the western hemisphere.

Join us monthly for a “Coffee, Lakeside” educational event at the Clint Johannes Education Building at Lake Wanahoo, 1655 County Road 16, Wahoo.

Each month will focus on a new topic, with hot coffee and fresh donuts available to all who attend.

Are you curious about a specific topic and want to learn more?
