Calling All High School Students! Apply for the Lower Platte North NRD Grant

Wahoo, Nebraska – Are you a high school student enthusiastic about making a difference in your community and the environment? The Lower Platte North Natural Resources District (NRD) is offering a grant to help assist in your natural resources project ideas!

If you're a high school student living within the Lower Platte North NRD boundaries and involved in projects like FFA supervised agricultural experiences (SAE), 4-H, seminar class projects, or community engagement projects, this grant could be for you.

The grant will offer up to \$1,500, based on your project's needs. Whether your project has a clear end date or is ongoing, we want to support your efforts to make a real impact on our local natural resources!

Ready to apply? The application deadline is May 1st, 2025. You'll need to submit a short statement about why you need the grant, a project description, the budget for the project, a cover letter, and a letter of support. Visit lpnrd.org/education to view the full details or contact us at 402-443-4675.

The Lower Platte North NRD, based in Wahoo, covers parts of seven counties in East-central Nebraska, and is dedicated to the conservation, preservation, and wise use of our natural resources.
